

Spalding Community Services District

DocAccess Board Packet

Cost Comparison

Manual / Professional Remediation: **\$33,187+** (Year 1 alone)

DocAccess: **\$2,100 (Year 1)** | \$3,000 annually thereafter

DocAccess saves over \$30,000 in the first year alone while eliminating ongoing labor.

Executive Summary

- Recent ADA complaint highlights current risk from inaccessible PDFs
- District has ~4,000+ public PDF pages
- Manual remediation is not feasible long-term
- DocAccess provides automated, scalable compliance

Current Challenge

Manual remediation would take approximately 1,580 hours of professionally trained staff time. Professional remediation would cost approximately \$33,187 in the first year alone, with additional ongoing costs for new documents.

DocAccess Solution

- Automatically converts PDFs into WCAG 2.1 AA compliant HTML
- Covers all existing and future documents

- No workflow changes required
- Built for screen reader technologies like JAWS
