SPALDING TRACT PROPERTY OWNERS

Hi Everyone! Another winter is just about through and we are looking forward to our summer visitors being back in Spalding! Again, the lake is low but Pine Creek is running and we are hopeful that rain will continue through the spring. We will do all we can to make sure that everyone has a positive recreational experience! Day Use fees at the Marina will all remain the same. The \$75 annual pass is available at the District Office or by filling out the form online at www.spaldingcsd.org and sending it to our office. For those who pay day use fees by the day, the multi-day rate discounts are printed right on the payment envelope. Simply check the one that applies and deposit your money. Don't forget to display the tear off portion on the inside of the vehicle's windshield.

Beginning July 1, 2012, the *quarterly O&M fee will increase to \$78*. However, you can choose to pay annually, \$300, saving \$12 per year. The wastewater system is functioning well and Ray Solis is doing a great job in keeping up with maintenance tasks. By now, most of you have hooked up your septic tanks to the system. If you have not, please call us so we can assist you in the process.

The Fire Department is doing a great job and responded to more than 40 calls for service last year. Fire Chief Rasnic has gotten his EMT certification and continues to train the volunteers on a weekly basis. He is currently getting his instructors training so that he can do certified training right here in Spalding. Our fundraising efforts for the Ambulance are going well. To date, we have collected over \$6500 in donations. We have purchased a 1995 Ford 4X4 Ambulance for less than \$10,000 and will be getting it road ready for the upcoming summer season. The Fire Department still needs your donations!

The major way we are communicating with our customers these days is through our website. We update it frequently and are trying to keep you all informed on events happening in our District. Please log in often and keep up with things as they happen!

Thank you!

Chris Gallagher, General Manager, SCSD
