SPALDING TRACT PROPERTY OWNERS

Come to the Pot Luck Dinner on October 12 at 5:30 p.m. Bring a Dish &/or Buy a Tri-tip Sandwich.
It's a get together to thank Board Directors past and present, thank our volunteer fire fighters and give an open forum to those who have suggestions to bring our community closer together. We hope to make a little money towards the ambulance purchase by selling the tri-tip sandwiches!

Hi Everyone! Fall is here and the trout look healthy. Fishermen are reporting good catches. Unfortunately, the lake level is very low. We are doing whatever we can to make launching at the Marina available throughout the season and keep the Marina in great shape for next season. We have installed a live WebCam for those who want to check out the lake and weather. Go to our website, click on the link.

The O&M fee increase took effect July 1, 2012. But many of you have taken advantage of paying O&M fees by the year, thus saving \$12. You will still receive our quarterly newsletters. If you have any questions, please give Virginia a call.

The Fire Department is busy with training and the ISO inspection. Our 4X4 Ambulance is now in use and part of our fleet. The Labor Day Pancake Breakfast was again a great success. Between the breakfast and raffle tickets sold for the chance to win the beautiful quilt created and donated by the Quilters, we have collected approximately \$8500. We spent \$10,000 for the ambulance and are getting close to our goal. Thanks to all who donated and volunteered their time.

The District has a new function-providing some mail service. We have installed PO style boxes in the lobby of the District Office and are currently installing neighborhood boxes near Heritage Realty. We plan to eventually put up boxes at the corner of Mahogany and Lakeview Drive. Our goal is to clean up the unsightly mailboxes that exist in Spalding. You will retain your street address, but can chose mail delivery to a secured box. Please let us know which option interests you!

We are working to create funding to build a walking/hiking trail here at the North end of the lake as to introduce visitors to the many historical aspects that are often time missed in our area.

The major way we are communicating with our customers these days is through our website. We update it often trying to keep you informed on events happening in our District. Please log in often.

Thank you!
Chris Gallagher, General Manager, SCSD
